Dear Mrs. Shimer:

Thank you so much for sending me the brochure concerning the proposed International Center in Hawaii. I have followed with interest the developments in Washington concerning such a Center and I feel that the brochure should be helpful in furthering understanding of and support for this most worthwhile proposal. Certainly, increased interchange of cultural and technical ideas between East and West can help to dispel some of the misinformation that contributes to international tensions.

Your commission on media of communication is to be congratulated for bringing the proposed Center to the attention of opinion-forming leaders and groups throughout the country. I shall be glad to bring this information to the attention of others as occasions warrant.

With best wishes for success.

Sincerely,

Allen W. Dulles
